FINAL PROGRAM

Nov. 10–12 | Chicago, IL

Professional Membership

Become an integral partner with an impactful organization that is leading the way in the mission to improve heart and brain health.

As a member you can benefit from access to:

- Choosing up to three scientific councils*
- 11 online journals*
- Savings for online and in-person learnings
- Grant and research opportunities
- Access to the latest research
- Savings on Sessions OnDemand

and much more.

*depends on membership tier.

Receive a gift when you join or renew your AHA Professional Membership at Membership Booth #2057 in HeartQuarters.

The American Heart Association would like to thank the following supporters of Scientific Sessions 2018*:

Amarin Corp
AMGEN
AstraZeneca Pharmaceuticals
BMS/Pfizer
Boehringer Ingelheim / Eli Lilly
Boehringer Ingelheim Pharma Inc
Genetesis
Houston Methodist DeBakey Heart & Vascular Center
Ionis Pharmaceuticals, Inc.
Janssen Pharmaceuticals, Inc.
Kiniksa Pharmaceuticals, Ltd
NEJM Group
Northwestern Medicine
Novartis Pharmaceuticals Corp
Partnership to Advance Cardiovascular Health
Portola Pharmaceuticals
Sanofi Regeneron
U.S. Department of Health and Human Services' Physical Activity
Guidelines for Americans
University of Pittsburgh - Pittsburgh Heart, Lung, and Blood
Vascular Medical Institute
WA Univ & Barnes - Jewish Hospital
Wolters Kluwer

AHA would also like to thank the following companies for their support of AHA's Scientific Sessions 2018. This support was provided in the form of educational grants:

Abbott
AstraZeneca Pharmaceuticals
Biosense Webster, a Johnson & Johnson Family Company
Chiesi USA, Inc.
Merck & Co., Inc.
Novartis Pharmaceuticals Corporation

How to Navigate the Program

Here's how to find your AHA Scientific Sessions educational content:

- Use this final program to review sessions by area of interest (Community). Sessions are listed chronologically by area of interest.
- Looking for more detail? Go to the AHA Mobile Meeting Guide App and search for your sessions by area of interest, session type or day.
- Use the global search option in the AHA Mobile Meeting Guide App to find specific faculty, your own presentation, search by session number or complete a keyword search.

For information on the Science and Technology Hall, Poster Hall, Council Events, Unofficial Satellite Events, shuttle schedules, maps and more, refer to the AHA Mobile Meeting Guide App or the Onsite Science and Technology Hall Planner.

Search and download the app from the Google Play or App Store by searching "AHA Conferences"!

Sessions 2018 Highlights

Presidential Session

Sun., Nov. 11 • 1:00–3:00 PM

Main Event 1

Lewis A. Conner Presidential Address

Ivor J. Benjamin, Milwaukee, WI

Chairman's Award

Mary Ann Bauman, Seattle, WA

Distinguished Scientist Recognition

Lawrence J. Appel, Baltimore, MD

Kathleen L. Grady, Chicago, IL

Robert A. Levine, Boston, MA

Aldons J. Lusis, Los Angeles, CA

John Spertus, Kansas City, MO

Joseph C. Wu, Stanford, CA

Basic Research Prize Award

David Harrison, Nashville, TN

Clinical Research Prize Award

William Hiatt, Aurora, CO

Population Research Prize Award

Mary Cushman, Burlington, VT

Eugene Braunwald Academic Mentorship Award

Robert Califf, Durham, NC

Research Achievement Award

Gary Gibbons, Bethesda, MD

Joseph A. Vita Award

Sekar Kathiresan, Boston, MA

Early Career Development

The Early Career/Professional Development sessions promote networking and mentorship between early career members and senior investigators for scientific outreach and career building. The sessions are open to all attendees but are targeted to early career participants. These sessions are part each Community's Track and take place every day of the conference in accordance with the Community programming. See programming details beginning on page 31 or refer to the AHA Mobile Meeting Guide for details.

Sat., Nov. 10 • Noon–2:00 PM

Early Career Speed Mentoring & Networking Session

Science and Technology Hall

Sun., Nov. 11 • Noon–1:00 PM

Early Career Lunch*

Lunch with Legends.

McCormick Place, N227

Sun., Nov. 11 • 5:00–6:30 PM

Early Career & FIT Reception**

McCormick Place, Early Career/FIT Lounge

Please see the Early Career session type for complete programming information.

Young Investigator Award Competitions

Don't miss these council-sponsored sessions/ competitions throughout the conference that recognize promising and outstanding investigators in the early stages of their careers and stimulate continued interest in basic or clinical research.

**ticketed event*

***AHA Professional Members only event*

Mon., Nov. 12 • Noon–1:30 PM

Young Investigator Awards Luncheon*

This awards luncheon recognizes the winners and finalists of council-sponsored young investigator competitions.

*McCormick Place, Science and Technology Hall,
Expert Theater, Booth 250*

Fellows in Training

The American Heart Association | American Stroke Association (AHA | ASA) Fellows in Training (FIT) program was developed in 2016 and is one of the American Heart Association's top priorities. AHA is hosting a Fellows in Training/Early Career (FIT/EC) Lounge to provide the Fellows a space to relax, network, and learn. These FIT-dedicated sessions will take place at the FIT/EC Lounge from Saturday through Monday. These sessions are created and hosted by current members of the AHAFIT and aimed to provide opportunities for them to learn critical skills and to facilitate their career growth and development. Refer to the AHA Mobile Meeting Guide for details.

**ticketed event*

Special Lectures

Lewis A. Conner Presidential Address

Ivor J. Benjamin, Milwaukee, WI
Sun., Nov 11, 1:00 PM, *Main Event I*

Distinguished Scientist Lecture

Paul M. Ridker, Boston, MA
Sat. Nov. 10, 12:30 PM
Main Event II (S100)

Paul Dudley White Lecture

Sir Magdi Yacoub, London, England
Sun., Nov 11, 3:45 PM, N226

Event Highlights

Interactive Sessions

The Social Q&A feature in the AHA Mobile Meeting Guide allows you to interact with speakers throughout the meeting. From ground breaking late breaking clinical trial sessions to sessions for your specialty, you will have the opportunity to ask questions via the mobile app. To participate be sure and download the App by searching “AHA Conferences” in the App Store or Google Play.

Cutting Edge in Cardiovascular Science

Sat, Nov 10, 9:00–10:15 AM, *Main Event I*

The opening main event session will kick off the conference with an exciting session featuring rapid-fire style talks on intriguing topics with prominent speakers. Topics include nanotech monitoring, rapid drug development, the gut microbiome and CV health, the heart-brain connectome and anti-atherosclerosis vaccines for CVD prevention.

Late-breaking Science

Find out the latest developments in clinical trials, trial updates and registries. Hear directly from the investigators about the newest development in the field and how practice will change based new findings. Late-breaking sessions are held on Saturday and Sunday at various times. Refer to the AHA Mobile Meeting Guide for session details.

Health Tech Summit

Sat., Nov. 10–Mon., Nov. 12

Health Innovation Pavilion, Booth 214, Science & Technology Hall

The Health Tech Summit now features three days of events in the new Health Innovation Pavilion. The Summit will explore the role of technology in the treatment and prevention of cardiovascular disease, and will examine ways to drive innovation and collaboration in the marketplace. Session topics were created for everyone from basic researchers to those in clinical practice. The fourth annual Health Tech Competition will be held on Saturday, November 10, 1:00–2:30 PM in this area. Be sure to join us for events in this area throughout the conference.

2018 Cholesterol Clinical Practice Guidelines

The 2018 Cholesterol Clinical Practice Guidelines will provide clinicians with a series of recommendations that will change the way practitioners evaluate and manage high blood cholesterol. Join us for sessions that will discuss these important recommendations. Refer to the AHA Mobile Meeting Guide for session details.

**Bending the Curve in CVD Mortality Colloquium:
Bethesda + 40**

Mon., Nov. 12, 8:30 am – 12:40 PM

McCormick Center, N227

The original Bethesda Conference in 1978 focused on confirming, and exploring the reasons for the decline in CHD death rates that was just beginning at that time. Forty years of groundbreaking research and continued declines in CVD death rates ensued. In this decade, however, CVD death rate declines appear to have flattened or reversed – sparking the need for another such conference.

The AHA and the NHLBI are therefore convening a half-day interactive session to propose solutions and map a research agenda for the future. Attendees in this session will hear the latest thoughts on trends in CVD death rates in the US and beyond, and will actively engage with thought leaders and policy makers to help reignite improvements in population cardiovascular health.

Learn in the Simulation Zone

Test your cardiac knowledge, skills and critical thinking in the AHA's hands-on, Simulation Zone. Sessions are non-CME accredited. Don't miss these educational offerings in Booth 2224, Science and Technology Hall.

EP Central

Gather, network and exchange information in this relaxing venue for electrophysiologists and others interested in

EP. The area will feature non-CME accredited educational activities, career development activities and information relevant to the EP community across the AHA. Located in Booth 226, Science and Technology Hall.

Interventional Central

Interventional Central is the place for like-minded professionals to gather for networking, career development and educational activities. Geared toward interventionalists, this area has non-CME accredited educational sessions in an informal setting. Join us for Global Trivia, Meet the Editors sessions or to connect with your colleagues. Located in Booth 438, Science & Technology Hall.

Frontiers in Science: Therapeutic Discovery Summit

Mon., Nov. 12, 7:15 AM–6:45 PM

McCormick Place, S102bc

This new Frontier program will highlight cutting edge research efforts ranging from biomaterials and iPSCs to stem cells, gene therapy, therapeutic delivery modalities and drug discovery, as well as the important interface between academia and industry. Global leaders will present the most current data on these topics and attendees will be able to engage directly with presenters during this summit.

Frontiers in Science: Arrhythmia Research Summit

Sat., Nov. 10, 7:15 AM–6:45 PM

McCormick Place, S105abc

The Arrhythmia Research Summit will bring together faculty and participants interested in arrhythmia mechanisms and management to participate in discussions on cutting edge research and therapeutic innovation. The rapid-fire presentations, debates and state-of-the-art talks will feature a wide range of electrophysiology topics, and include expert speakers from applied, basic, translational, and genomic sciences, biomedical engineering, and outcomes research.

Frontiers in Science: Vascular Disease Summit

Sat., Nov. 10, 3:45 PM–6:45 PM

McCormick Place, S106b

This program will provide a venue for the exchange of new ideas and collaboration between investigators

engaged in cutting-edge research or “frontier science” in Peripheral Vascular Disease (PVD). Speakers present in a rapid-fire format on current research activities

in their basic, clinical, epidemiologic or trial settings, followed by in-depth discussion. The overarching goals are to offer an intimate setting for intense open scientific discussion, to encourage “cross-pollination,” share proven methodologies that may apply more broadly across specialty areas, and inspire scientific collaboration.

Frontiers in Science: Thrombosis Summit

Mon., Nov. 12, 7:15 AM–12 PM

McCormick Place, S104a

This program will provide a new platform for exploring the most recent progress in thrombosis research, bridging from basic to clinical science, and will facilitate communication and networking between thrombosis researchers and clinicians. The Summit will include topics on Inflammatory Mechanisms in Thrombosis, Cancer and Thrombosis and Urgent Diagnosis and Management of Aggressive Thrombosis Syndromes.

Peripheral Vascular Disease — Workshop

Sat., Nov. 10, 7:15 AM–3:15 PM

McCormick Place, S106b

An expert led update on key topics in the multidisciplinary management of common and uncommon vascular diseases for early career and practicing vascular practitioners. Interactive career guidance discussion for vascular clinicians and researchers.

State of the Art Cardiovascular Care 2018

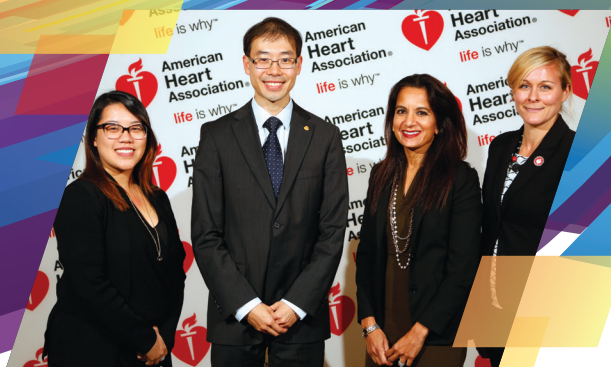

Sat., Nov. 10, McCormick Place, W190

This one-day seminar is dedicated to physicians, nurses, and other health professionals to communicate the latest advances in clinical cardiovascular care, including late-breaking science and clinical trials reported at major cardiology conferences in the second half of 2018. Session topics will provide recommendations and updates that can be incorporated into your everyday practice. You'll have the chance to ask thought leaders your questions about state-of-the-art cardiovascular care.

More Don't-Miss Educational Activities

Main Event Sessions
Late-Breaking Science
Health Tech Competition
Rapid Fire Oral Abstract Sessions
Moderated Digital Poster Sessions
Cardiovascular Expert Theaters

For details on these activities, access the AHA Mobile Meeting Guide App or scientificsessions.org.

AHA/ASA Professional Membership

AHA/ASA Professional Membership and its scientific councils.

The mission of the American Heart Association and its 16 scientific councils is to reduce disability and death from cardiovascular diseases and stroke. This is accomplished by attracting, developing and retaining science volunteers as a source of information to develop current and emerging cardiovascular and stroke science content that is credible, accurate and timely. Professional members participate in committees that determine how our research funding is allocated and which programs and abstracts will be presented at Scientific Sessions and other AHA scientific conferences. They also participate in writing groups that produce scientific statements and guidelines.

Our vision is to be widely recognized by the public and healthcare professionals as the premier knowledge base for scientific information on the diagnosis, treatment and prevention of cardiovascular diseases and stroke.

In pursuit of this mission, the scientific councils have established programs to serve the science community, highlight research and reward significant accomplishments in the field of cardiovascular diseases and stroke. These programs include the Young Investigator Competitions, Distinguished Achievement Awards and Named Lectures.

Arteriosclerosis, Thrombosis and Vascular Biology

Sat., Nov. 10 • 7:00–9:00 PM

ATVB Early Career Networking Reception*

Marriott Marquis, Grand Horizon C

Sun., Nov. 11 • 3:45–4:45 PM

ATVB Early Career Investigator Award Competition

McCormick Place, S401d

Late-Breaking Science	11/10/2018	5:30 PM - 6:45 PM	LBS.03	Late Breaking Clinical Trial: Harnessing Technology and Improving Systems for Global Health	Main Event II (s100)	Quality of Care
Main Event	11/10/2018	5:30 PM - 6:45 PM	WS.ME.101	State of the Heart For Women: Top Ten Advances in Gender-Specific Medicine	N228	Women and Special Populations
Late-Breaking Science	11/11/2018	9:00 AM - 10:15 AM	LBS.04	Preserving Brain & Heart in Acute Care Cardiology	Main Event I	Interventional Treatments
Main Event	11/11/2018	9:00 AM - 10:15 AM	VA.ME.1302	Innovations in Advanced Therapy for Pulmonary Embolism: How Cardiovascular Medicine is Rewriting the Playbook	Main Event II (s100)	Vascular Disease and Thrombosis
Late-Breaking Science	11/11/2018	10:45 AM - 12:00 PM	LBS.05	Late Breaking Clinical Trial: Hot News in HF	Main Event I	Heart Failure and Cardiomyopathies
Presidential Session	11/11/2018	1:00 PM - 3:00 PM	PS.01	Presidential Session	Main Event I	Heart Failure and Cardiomyopathies
Cardiovascular Seminar	11/11/2018	3:45 PM - 5:00 PM	CS.CVS.102	Paul Dudley White Lecture & Session	N226	Heart Failure and Cardiomyopathies

Main Event	11/11/2018	3:45 PM - 5:00 PM	AC.ME.2162	Non-ST-elevation Acute Coronary Syndromes: 2018 and Beyond	Main Event I	Acute Coronary Syndromes
			HY.ME.20	Hypertension Guidelines: Consensus or Controversy?	Main Event II (s100)	Hypertension and Nephrology
			CM.ME.1287	The Metabolic Face of Heart Failure	N228	Cardiometabolic Health and Diabetes
			PR.ME.1505	Prevention Beyond the Guidelines: What to Do Next		Prevention, Health and Wellness
Late-Breaking Science	11/11/2018	5:30 PM - 6:45 PM	LBS.06	Late Breaking Science in Coronary Revascularization	Main Event II (s100)	Surgery & Anesthesia
Main Event	11/12/2018	9:00 AM - 10:15 AM	PR.ME.01	Federal Physical Activity Guidelines Presentation & Panel	Main Event I	Prevention, Health and Wellness
			CS.ME.01	Trending Topics in Clinical Science	Main Event II (s100)	Cross Speciality
		10:45 AM - 12:00 PM	CS.ME.02	Trending Topics in Population Science		
			EP.ME.1523	Unpacking the Cardiovascular Biology of Violence	Main Event I	Epidemiology, Big Data and Precision Medicine
		5:30 PM - 6:45 PM	CS.ME.03	Trending Topics in Basic Science	N228	Cross Speciality
