

CALLING ALL YOUNG INVESTIGATORS!

Submit Your Science by January 17, 2018!

Quality of Care and Outcomes Research (QCOR) Scientific Sessions 2018

April 6–7, 2018 | Ritz Carlton, Pentagon City | Arlington, VA

QCOR recognizes its young investigators throughout the conference! We encourage you to submit your best science and attend! QCOR offers:

- Awards - Deadline to apply is January 17, 2018
 - Young Investigator Award
 - Young Investigator Travel Stipend (Seven \$1,000 stipends awarded)
- Abstract Submission
 - 23 Abstract Categories
 - **Featured category: Quality Improvement Initiatives - Local Level. This category recognizes innovative quality improvement work done by residents, fellows and other trainees.**
 - Accepted abstracts will be published in *Circulation Cardiovascular and Quality Outcomes*
 - Reception will feature posters of young investigators
- Networking
 - Register before the Early Bird Deadline (February 26, 2018) to get the best rate!
 - AHA/ASA Professional Members receive discounts on registration! Join the QCOR Council or one of our 15 other councils at professional.heart.org/membership!

Why should young investigators attend? QCOR is big enough that the thought leaders in the field are present, but small enough that participants get a chance for one-on-one engagement. This combination, in the heart of the nation's capital, makes QCOR the best meeting to attend all year! QCOR is an ideal meeting for young investigators and can provide insight into all sorts of influential careers in medicine, not just a typical, academic research road. The participants are engaged in patient-related discovery that is improving patient care today.

- Rashmee U. Shah, MD MS, University of Utah School of Medicine, QCOR YCIC Chair
