

AHA Scientific Sessions 2021
Council Awards and Travel Grants Available by Abstract Category and Community

Award applicants must have submitted an abstract to a category listed under that award and be a member of the award's sponsoring council in order to be eligible for consideration. Please make sure your abstract has been submitted to [Scientific Sessions](#) by June 10, 2021 at 6 PM CT (you will need the abstract control number later for your award application) and that you have an active [AHA membership](#) (you will need your AHA membership number for your award application) prior to applying for an award.

The abstract may be presented in-person or virtually; however, award prizes related to travel will only be provided to in-person presenters.

Previous winners and finalists for these awards are not eligible to re-enter the same competition in subsequent years. However, applicants may apply for a different award program in which they have not previously been a winner or finalist.
