

American Stroke Association®

International Stroke Conference

Robert G. Siekert New Investigator Award in Stroke

In recognition of Dr. Robert G. Siekert, founding chairman of the American Heart Association's International Conference on Stroke and Cerebral Circulation, this award encourages new investigators to undertake or continue stroke-related research.

The deadline for abstract submission is Tuesday, August 24, 2021.

The deadline for the upload of award application materials is Monday, August 30, 2021, 12 PM Noon CDT.

Criteria

The applicant must meet the following criteria to be considered for this award:

- All applicants must be members of the AHA/ASA.
- The candidate must have a doctoral degree.
- The candidate must have completed postgraduate training and be within five years of first Assistant Professor appointment.
- The candidate must submit an abstract for the International Stroke Conference 2022 in accordance with the rules and regulations for submitting AHA abstracts.
- An individual may apply for only *one* award to be presented at the International Stroke Conference 2022.
- Previous winners for this award are not eligible to re-enter the competition in subsequent years.
- Only one abstract per candidate will be considered. The applicant should be the first and presenting author.
- There is no citizenship requirement for this award.
- Women and under-represented groups are encouraged to apply.

How To Apply / Required Documents

The candidate must submit an abstract to the International Stroke Conference 2022 indicating the abstract is to be considered for the Robert G. Siekert New Investigator Award. The abstract deadline is **Tuesday, August 24, 2021**. In addition, the candidate must upload the following supporting electronic documents per the instructions below no later than **Monday, August 30, 2021, 12 PM Noon CDT**:

- An extended abstract of up to six double-spaced pages (exclusive of bibliography)
- A Curriculum Vitae
- A statement by the senior member of the team on the candidate's role in the research.

Supporting award materials must be uploaded online via the ISC abstract submitter site no later than Monday, August 30, 2021, 12 PM Noon CDT. Award materials and/or support letters arriving after this date cannot be considered and hard copies of the materials will not be accepted.
