

**INTERNATIONAL STROKE CONFERENCE 2023  
INVITED SPEAKER AND ORAL ABSTRACT PRESENTER GUIDELINES**

**CONFLICT OF INTEREST**

All participants must complete their conflict of interest disclosure form in the online system. If the disclosure information is not entered, you will not be allowed to participate. You may enter your COI information via the online disclosure system; please log in using your PHD account information. Click on the link below; then click on your name in the upper right corner and select "Disclosure". [ISC Disclosure Site](#)  
For questions or problems accessing the COI site, please contact [Stroke.Participant@Heart.org](mailto:Stroke.Participant@Heart.org).

**RELEASE FOR RECORDING**

In order to present at the International Stroke Conference 2023, you must give the AHA/ASA permission to record and use your name, likeness, image, voice, appearance and performance, as well as the images or files that may include posters and presentation slides that are a part of your presentation. This will allow us to include your presentation on the virtual platform and all other channels the event is presented. If you have concerns about the presentation and capture of unpublished data or to change your recording release form to "Yes", please reach out to AHA staff at [Stroke.Participant@Heart.org](mailto:Stroke.Participant@Heart.org).

**PRESENTATION TIME**

Session date, time and location are indicated on the [ISC 2023 Online Program Planner](#) or the Mobile Meeting Guide app. **NOTE:** Failure to present deprives the audience and leaves a space in the program that might have been filled by another presenter. Due to the competitive nature of the program, **any unexplained absences may result in the American Heart Association/American Stroke Association refusing to consider your participation at any future meetings.**

**PUBLICATION**

International Stroke Conference, HEADS-UP and State-of-the-Science Stroke Nursing Symposium 2023 abstracts will be published online at 5:00 am ET / 4:00 am CT, Thurs, Feb 2, 2023 on the *Stroke* journal Web site. Late-Breaking Science and Ongoing Clinical Trials abstracts will not be published online but will be available in the [ISC 2023 Online Program Planner](#) or the Mobile Meeting Guide app at the date and time of their presentation. Requests for withdrawal of an abstract must be received in writing by December 30, 2022 to avoid publication.

**PRESENTATION INFORMATION**

Due to the high-level nature of your session and feedback we received from last year's meeting, we are requesting that you present in person. Abstract Presenters – if you cannot attend the meeting in person, please see if a co-author can present in your place and notify [Stroke.Participant@Heart.org](mailto:Stroke.Participant@Heart.org) of the presenter change.

Instructions to upload your PPT slides electronically via the Presentation Management site will be sent to you via e-mail in mid-January 2023. Please be sure to add [Stroke.Participant@Heart.org](mailto:Stroke.Participant@Heart.org) and [presentationmanagement@freemanco.com](mailto:presentationmanagement@freemanco.com) to your e-mail safe senders' list.

**Please contact [Stroke.Participant@Heart.org](mailto:Stroke.Participant@Heart.org) if you did not receive an e-mail with instructions to upload your PPT slides.**

If you need to update your slides, you must upload your final PPT presentation at least 12 hours prior to your session's start time. You may upload your PPT presentation slides online from your own computer prior to the meeting or onsite at the Speaker Resource Center, **Room D220/D227** in the Kay Bailey Hutchison Convention Center. Technicians will be available onsite to assist you.

All in person speakers must check in at Room D220/D227 at least two hours before session start time to review their presentations for technical and format issues. ***Last-minute submissions disrupt the flow of sessions and will not be allowed. Any presenter who fails to submit his/her presentation in a timely manner will be prohibited from speaking.***

The Speaker Resource Center (Room D220/D227) has technicians available to assist presenters and is open during the following times:

- **Tue., Feb 7:** 6:30 am – 6:00 pm
- **Wed., Feb 8:** 6:30 am – 6:00 pm
- **Thu., Feb 9:** 6:30 am – 6:00 pm.
- **Fri., Feb 10:** 6:30 am – 12:30 pm

**Session Moderators:** You must attend the meeting in person to moderate a session.

**EMBARGO POLICY:** Abstract results and presentations are embargoed for release until AHA embargo date and time (5:00 am ET/4:00 am CT, Thursday, February 2, 2023). Late-Breaking presentations are embargoed for release at date and time of presentation or time of AHA news event. Written embargoed information cannot be shared with anyone but one-on-one embargoed media interviews can be conducted as long as the reporter agrees to abide by the embargo policy. Failure to honor embargo policies will result in the abstract being withdrawn and barred from presentation.

**SESSION FORMAT:** Each presenter should have a presentation prepared for his/her talk. There is no limit to the number of slides needed for each presentation as long as the time allotted is not exceeded. Most session types are usually formal lecture style sessions where each presenter gives their presentation on the subject title assigned to them. If there is no Q&A or discussion scheduled in the session when it was created, it is at the discretion of the Moderators to work this into the session if time allows. **Please arrive at your assigned room 10 minutes prior to the beginning of the session.** The moderator must confirm attendance of all presenters.

### I. Call to Order

- The moderator will address the audience 5 minutes prior to session start time and inform them that they should be seated as the meeting will begin shortly. The moderator will remind attendees that recording of sessions by video or still photography is **absolutely prohibited**.

### II. Convene the Session

- The moderator will call for audience attention, introduce themselves and the co-moderator (if applicable), and announce the overall subject of the session.
- The moderator will encourage all presenters to adhere to their allotted times, ensure that all presenters comply with disclosure (see below), and will open the floor to questions at the appropriate times. A speaker timer will be in the room to assist the moderator.
- The moderator will call for the first presenter and begin the session.

### III. ARS Polling and Questions

All sessions will have both Q&A and ARS polling capabilities via both the Mobile Meeting Guide app and the virtual meeting (OEP) site. Instructions will be sent to the speakers on how to set-up polling questions in their presentation. Please contact [Stroke.Participant@Heart.org](mailto:Stroke.Participant@Heart.org) if you do not receive these instructions in mid-January 2203.

Both in-person and virtual attendees (for live streaming sessions) can submit questions for the speakers via the OEP Meeting site and the Mobile Meeting Guide app. **There will be a Q&A Moderator assigned to your session. This Q&A Moderator will be responsible for collecting the questions submitted; they will direct the questions to the applicable speakers.**

- **Speakers:** The Moderator should address the applicable speaker and repeat the question to them. Once the response has been given, the Q&A Moderator should type the answer given to the question into the OEP session page so that virtual attendees can read the response. This will also allow all answers to the questions to show in the session page on the OEP Meeting site for the session.

### IV. Presenter Disclosure – Mandatory

- **IMPORTANT:** All presenters must include a slide listing any conflict of interest disclosures. This should be the first or second slide of your PPT. An example disclosure slide with additional information can be found on the “[For Presenters and Moderators](#)” page on the ISC Web site ([strokeconference.org](http://strokeconference.org)). Presenters should also verbally disclose their conflict(s) of interest when they introduce themselves.
- If unlabeled use of a commercial product or an investigational use not yet approved for any purpose is discussed, you must include this information on the disclosure slide. Give the name of the product and disclose that the product is not labeled for the use under discussion or that the product is still investigational. You must also verbally disclose this use to the audience.
- If the presenter fails to display a disclosure slide, ***it is the responsibility of the moderator to ask the presenter if there are any relationships to disclose before he/she proceeds with the presentation.***

- If you are referencing work within your presentation previously published by another author, be sure to include a complete citation at the bottom of the appropriate page.
- Exclude any information from your presentation that may compromise or violate patient confidentiality.

**V. No-Shows**

In the event of a no-show, the moderator will fill the time with questions and discussion before starting the next presentation at the time listed in the Mobile Meeting Guide app or online Program Planner.

**VI. Adjourn**

The moderator may want to briefly summarize the presentations and add a few last-minute comments. The moderator will adjourn as closely as possible to the scheduled adjournment time. Presenters and moderators **must** adhere to the session end time as another session will begin in the room immediately following the current session.

**Registration/Housing Information**

All presenters must [register](#) for the conference and obtain housing online.

**Invited Speaker/Moderator Registration**

Invited speakers and moderators will receive complimentary registration via an e-mail link that is sent to them in early October. If you need assistance or a refund, please send an e-mail to [InternationalStroke@xpressreg.net](mailto:InternationalStroke@xpressreg.net) and tell them that you are an invited speaker/moderator for the International Stroke Conference 2023 or one of the ISC Pre-Conference Symposia.

**Abstract Presenter Registration**

Acceptance notifications were e-mailed in mid-October. Please be sure to [register](#) for the conference. ***(Please note that abstract presenters do not receive complimentary registration.)***
