

American Stroke Association.

International Stroke Conference

International Stroke Conference 2023 Program

Wednesday, February 8, 2023

7:30 am – 9:00 am

- Expanding Prehospital Indications for Mobile Stroke Units
- Translational Basic Science Oral Abstracts I
- Advances in Neurocardiology: Atrial Fibrillation, Atrial Cardiopathy and Beyond
- Imaging Oral Abstracts I
- Identifying Genetic Factors that Impact Stroke Outcome in Mice and Humans
- In-Hospital Care; from the ICU to Discharge Oral Abstracts
- Diagnosis and Management of Symptomatic Non-Stenotic Carotids
- Where Is AI/ML Taking Stroke Diagnosis and Care?

9:00 am – 9:15 am Break

9:15 am – 10:45 am

- Risk Factors and Prevention Oral Abstracts I
- From Bench to Bedside and Beyond: Sickle Cell Disease and Stroke Risk Across the Lifespan and Research Spectrum
- Translational Basic Science Oral Abstracts II
- 2023 Paola De Rango Memorial Session on Stroke in Women: Social Factors Contributing to Sex Differences in Short and Long-Term Post Stroke Outcomes
- Neuroendovascular Oral Abstracts I
- Subarachnoid Hemorrhage
- Achieving More Rapid Reperfusion in Contemporary Emergency Care
- Joint AHA/ World Stroke Organization Session

10:45 am – 11:00 am Break

11:00 am – 12:30 pm

Opening Main Event

12:30 pm – 2:00 pm

Lunch / Science and Technology Hall / Educational Lunches

1:15 pm – 1:45 pm

Meet the Expert 1: Neuromodulation (Online Only)

2:00 pm – 3:00 pm

- Neuroendovascular Oral Abstracts II
- Genetics of Stroke Risk and Prevention
- Health Services, Quality Improvement, and Patient-Centered Outcomes Oral Abstracts I

- Perfusion and Collaterals in the Ischemic Penumbra
- Congenital Heart Disease and Stroke Risk In Children And Adults
- Listen Carefully: New (and Old) Ultrasound Tools for Stroke Diagnosis and Prevention
- Cerebrovascular Complications of Cardiac Devices and Procedures
- CVSN Nursing Paper

3:00 pm – 3:30 pm Break

3:00 pm – 3:30 pm

Meet the Expert 2: Stroke-related Cognitive Impairment (Online Only)

3:30 pm – 4:30 pm

- From Bench to Bedside and Beyond: Modern Perspectives in Cerebral Amyloid Angiopathy
- Aneurysms and Vascular Malformations Oral Abstracts I
- Stroke Coordinator Super Session
- Brain Health Oral Abstracts I
- Determining Neurovascular Pathophysiology: Essential APP Knowledge and Skills
- Improvement in Motor Performance Post-Stroke Across the Care Pathway
- CED Talks (Cerebrovascular Education and Discovery)

4:30 pm – 4:45 pm Break

4:45 pm – 5:45 pm

- From Bench to Bedside and Beyond: Modern Perspectives in Cerebral Amyloid Angiopathy (cont.)
- Controversies in Carotid Artery Disease (Debates)
- Pediatric Cerebrovascular Disease Oral Abstracts
- Thrombolysis in Acute Ischemic Stroke: Yesterday, Today and Tomorrow
- Cerebrovascular Nursing Oral Abstracts
- Case Recordings in Live Conditions: Best Management Practices 1
- Intersections of COVID-19 with Cerebrovascular Disease

6:00 pm – 7:00 pm

Moderated Poster Sessions

- Neuroendovascular Moderated Poster Tour I
- Cerebrovascular Nursing Moderated Poster Tour
- Clinical Rehabilitation and Recovery Moderated Poster Tour
- Acute Treatment: Systemic Thrombolysis and Cerebroprotection Moderated Poster Tour
- Risk Factors and Prevention Moderated Poster Tour I
- Translational Basic Science Moderated Poster Tour I
- In-Hospital Care; from the ICU to Discharge Moderated Poster Tour
- Large Vessel Disease from Arteries to Veins (Non-Acute Treatment) Moderated Poster Tour
- Imaging Moderated Poster Tour I
- Health Services, Quality Improvement, and Patient-Centered Outcomes Moderated Poster Tour I

7:00 pm – 7:30 pm

Poster Sessions

- Neuroendovascular Posters I
- Cerebrovascular Systems of Care Posters I
- Intracerebral Hemorrhage Posters I

- Clinical Rehabilitation and Recovery Posters
- Acute Treatment: Systemic Thrombolysis and Cerebroprotection Posters I
- Risk Factors and Prevention Posters I
- Translational Basic Science Posters I
- Imaging Posters I
- Aneurysms and Vascular Malformations Posters
- Large Vessel Disease from Arteries to Veins (Non-Acute Treatment) Posters
- Cerebrovascular Nursing Posters I
- Health Services, Quality Improvement, and Patient-Centered Outcomes Posters I

Thursday, February 9, 2023

7:00 am – 8:30 am

- Controversies in Secondary Stroke Prevention (Debate)
- Hypertensive Arteriosclerosis: Common but Understudied
- Risk Factors and Prevention Oral Abstracts II
- Intracranial Atherosclerotic Disease after SAMMPRIS: Looking to the Future after a “Lost Decade”
- Health Services, Quality Improvement, and Patient-Centered Outcomes Oral Abstracts II
- Cerebrovascular Complications of Infectious Endocarditis
- Cerebrovascular Systems of Care Oral Abstracts
- Paracrine Protection of Neurons by Astrocytes in Ischemic Stroke

9:00 am – 9:15 am Break

9:15 am – 10:45 am

- The What and When of Critical Aneurysm Treatments: Current Debates
- Translational Basic Science Oral Abstracts III
- Vagal Nerve Stimulation for Stroke Recovery: To Implant or Not to Implant (Debate)
- STEP (an AHA/US Government Agency Joint Symposia)
- Acute Treatment: Systemic Thrombolysis and Cerebroprotection Oral Abstracts
- Trainee Case Studies Session 1
- Neuroendovascular Oral Abstracts III
- Pediatric Stroke Emerging Therapies: From Acute Care to Rehabilitation

10:45 am – 11:00 am Break

11:00 am – 12:30 pm

Thursday Main Event

12:30 pm – 2:00 pm

Lunch / Science and Technology Hall / Educational Lunches

1:15 pm – 1:45 pm

Meet the Expert 3: Genetics (Online Only)

2:00 pm – 3:00 pm

- Imaging Oral Abstracts II
- Treating Intracranial Aneurysms: Balancing Efficacy, Costs, and Innovation
- Cerebrovascular Manifestations of COVID-19 Oral Abstracts
- Influence of Early-Life Vascular Risks on Cognition and Functional and Structural Brain Changes

- Late-Breaking Science Oral Abstracts I
- International Alliance: Overcoming the Burden of Stroke in Lower Resource Locations
- From Clinical Trials to Patient Implementation: Methods for Incorporating State of the Science Stroke Research into APP Clinical Practice
- The Road to Tenecteplase in Routine Clinical Practice: Are We There Yet?

3:00 pm – 3:30 pm Break

3:00 pm – 3:30 pm

Meet the Expert 4: Novel Treatment of ICH (Online Only)

3:30 pm – 4:30 pm

- From Bench to Bedside and Beyond: Acute and Chronic Neuroinflammation in Stroke: Potential Targets for Novel Therapies
- Late-Breaking Science Oral Abstracts II
- Factors Influencing Stroke Recovery
- Advanced Practice Providers and Therapists Oral Abstracts
- Friend or Foe: Analytic Complexity, Risks, and Benefits of Using Clinical, Imaging or Patient Reported Surrogate Outcomes in Clinical Trials
- Aneurysms and Vascular Malformations Oral Abstracts II
- Case Recordings in Live Conditions: Best Management Practices 2
- Multimodality Monitoring in Coma and Disorders of Consciousness after Stroke (an ASA and Neurocritical Care Society Joint Session)

4:30 pm – 4:45 pm Break

4:45 pm – 5:45 pm

- From Bench to Bedside and Beyond: Acute and Chronic Neuroinflammation in Stroke: Potential Targets for Novel Therapies (cont.)
- Bridging Therapy for EVT Following Recent Trials: Can We Personalize Treatment? (Debate)
- Late-Breaking Science Oral Abstracts III
- The Need for Women Specific Clinical Trials in Stroke Prevention
- Inside the AHA's Research Enterprise: Grant Funding and Other Opportunities
- Game of Strokes
- Public Health Interventions in Increasing Global Access to Reperfusion Therapy

6:00 pm – 7:00 pm

Moderated Poster Sessions

- Health Services, Quality Improvement, and Patient-Centered Outcomes Moderated Poster Tour II
- Acute Treatment: Systemic Thrombolysis and Cerebroprotection & Cerebrovascular Manifestations of COVID-19 Moderated Poster Tour
- Imaging Moderated Poster Tour II
- Aneurysms and Vascular Malformations & Pediatric Cerebrovascular Disease Moderated Poster Tour
- Brain Health Moderated Poster Tour
- Translational Basic Science Moderated Poster Tour II
- Risk Factors and Prevention Moderated Poster Tour II
- Cerebrovascular Systems of Care Moderated Poster Tour
- Intracerebral Hemorrhage Moderated Poster Tour
- Neuroendovascular Moderated Poster Tour II

7:00 pm – 7:30 pm

Poster Sessions

- Health Services, Quality Improvement, and Patient-Centered Outcomes Posters II
- Pediatric Cerebrovascular Disease Posters
- Imaging Posters II
- Brain Health Posters
- In-Hospital Care; from the ICU to Discharge Posters
- Acute Treatment: Systemic Thrombolysis and Cerebroprotection Posters II
- Intracerebral Hemorrhage Posters II
- Translational Basic Science Posters II
- Risk Factors and Prevention Posters II
- Neuroendovascular Posters II
- Cerebrovascular Nursing Posters II
- Cerebrovascular Systems of Care Posters II

Friday, February 10, 2023

7:30 am – 9:00 am

- A Paradigm Shift: Novel Approaches for Chronic Subdural Hematoma
- Risk Factors and Prevention Oral Abstracts III
- Endovascular Thrombectomy in Special Populations
- Brain Health Oral Abstracts II
- Trainee Case Studies Session 2
- Large Vessel Disease from Arteries to Veins (Non-Acute Treatment) Oral Abstracts
- Concept to Cure: Translating Your Ideas into Therapies
- Bugher Foundation Session

9:00 am – 9:15 am Break

9:15 am – 10:45 am

- Novel Prehospital Stroke Triage Approaches: Ready for Prime Time? (Debates)
- Health Services, Quality Improvement, and Patient-Centered Outcomes Oral Abstracts III
- Who Can We Save? A Case-Based Debate
- Cognitive Recovery after Stroke (a Stroke journal Session)
- Intracerebral Hemorrhage Oral Abstracts
- Acute Stroke Treatment in the Elderly: Evidence and Beyond
- Clinical Rehabilitation and Recovery Oral Abstracts
- Pre-Clinical Translational Stroke Development: SPAN Results and Next Steps

10:45 am – 11:00 am Break

11:00 am – 1:00 pm

Closing Main Event

1:00 pm Adjourn
