

Stroke 2022 OnDemand Extended Access F.A.Q.

What is Stroke 2022 OnDemand Extended Access? OnDemand Extended Access is the collection of the recorded educational sessions from our International Stroke Conference 2022 conference that took place February 9-11, 2022.

How is this different from the on-demand access I get with my event registration? Stroke 2022 OnDemand Extended Access is available until January 31, 2023, while the on-demand access included with attendee registration is only available for 30 days. Additionally, attendee registration does not include enduring CE opportunities, only live credit.

Who gets OnDemand Extended Access? Only current paid levels of AHA Professional Members have access to view 100+ educational sessions from Stroke 2022. Additionally, Members get free access to the OnDemand CE bundle, which includes 25 selected sessions that provide enduring CE opportunities. Non-Members also have access to this bundle for \$99.

I'm a current paid AHA Professional Member, how do I get my FREE OnDemand Extended Access? If you attended Stroke 2022, the 30-day access to view educational sessions that was included with your registration to our virtual event platform, has been automatically extended. No further action is required on your part. You can continue to access the educational content without CE from [Professional Heart Daily](#) or bookmark the [login page](#) for convenient access.

If you'd like to access our selected 25-session ISC CE bundle, please [click here](#) if you are accessing the bundle for the first time to register. Please [click here](#) if you are a returning user.

If you are a current AHA Member who did not attend ISC 2022, you can [click here](#) to login, confirm your profile information, and register for your free access. Once registered, you will receive a confirmation e-mail with your registration/badge number.

Can I get enduring CE credit for watching OnDemand Extended Access sessions? Yes! We offer a International Stroke Conference 2022 OnDemand CE bundle that offers enduring CE credit on 25 selected sessions for up to a total of 31.25 Accredited Continuing Education hours. The International Stroke Conference 2022 OnDemand CE bundle is available for new registrants until March 31st, 2023, compared to regular Stroke OnDemand Extended Access which is available until January 31, 2023.

How long do I have to claim the Accredited Continuing Education with the CE Bundle? Users must register by March 31st, 2023 and must watch sessions and claim their CE credit by March 13th, 2025.

I am not an AHA Professional Member but would like to find out more about membership, so that I can claim my FREE access. How can I find out more? [Become a Member today](#) to get your access to both Stroke 2022 OnDemand Extended Access products for FREE included with your membership.

Which levels of AHA Professional Membership receive OnDemand Extended Access complimentary with their membership? All paid tiers - Student/Trainee, Early Career, Emeritus, General Professional, Premium Professional, and Premium Professional Plus members. All non-paid tiers would need to upgrade their Membership to receive access.
