Resuscitation Science Symposium 2021: A Virtual Experience
Final Program Agenda

<i>Posted times are Eastern US Time</i>	Friday, November 12
6:30-8:30 PM	<p>ReSS.AW.01 ReSS Young Investigator Networking Event <i>Live via Zoom</i></p> <p>Moderators Sachin Agarwal, New York NY Cindy Hsu, Ann Arbor, MI</p> <p>Featured Presenter Marina del Rios, University of Illinois at Chicago, Chicago, IL</p>
9:00-10:00 PM	<p>ReSS.JS.01 Joint AHA/Japanese Circulation Society Session <i>Live via Zoom</i></p> <p>Moderators Takanori Ikeda, Toho University Medical Center, Tokyo, Japan David Gaieski, Thomas Jefferson University, Philadelphia, PA</p> <p>TTM and Post Arrest Injury Severity in the US Clifton Callaway, University of Pittsburgh, Pittsburgh, PA</p> <p>Recent Experience with TTM Tailored to Injury Severity Mitsuaki Nishikimi, Graduate School of Biomedical and Health Sciences, Hiroshima University, Hiroshima, Japan</p> <p>Tailoring TTM for Non-arrest Brain Injury Karen Hirsch, Stanford University, Stanford, CA</p> <p>Tailoring TTM in ECPR and Post Arrest ECMO: Strategies for Upcoming RCTs Yasuhiro Kuroda, Kagawa University, Kagawa, Japan</p>

<i>Posted times are Eastern US Time</i>	Saturday, November 13
8:00-9:15 AM	<p>ReSS PL.01 Symposium Opening Welcome and Introduction Plenary Session 1: Updates in Post-arrest Targeted Temperature Management (TTM) Live via Virtual Platform</p> <p>Moderator Maaret Castren, Helsinki University Hospital, Helsinki, Finland</p> <p>Welcome Remarks Benjamin Abella, University of Pennsylvania, Philadelphia, PA</p> <p>The TTM2 Trial and Implications for Care Niklas Nielsen, Helsingborg Hospital, Lund University, Helsingborg, Sweden</p> <p>The Potential Role for TTM at 33C: Real-world Experience Nicholas Johnson, Harborview Medical Center, Seattle, WA</p> <p>Post-arrest Normothermia as a Possible New Standard Jerry Nolan, University of Bristol, Royal United Hospital, Bath, UK</p> <p>Pediatric Perspectives on Post-arrest TTM Alexis Topjian, Children’s Hospital of Philadelphia, Philadelphia, PA</p>
9:15-9:30 AM	<p>Plenary Session 1 Q&A Discussion <i>Live via Zoom</i></p>
9:30-10:00 AM	<p>ReSS.AW.02 ReSS Awards <i>Live via Zoom</i></p> <p>Moderators Michael W. Donnino, Beth Israel Deaconess Medical Center, Boston, MA Sarah M. Perman, University of Colorado, Aurora, CO</p> <p>Lifetime Achievement Award in Cardiac Resuscitation Science Recipient Kazuo Okada, Japanese Resuscitation Council, Tokyo, Japan</p> <p>Ian G. Jacobs Award for International Group Collaboration to Advance Resuscitation Science The Comprehensive Registry of Intensive care for OCHA Survival Study (the CRITICAL Study), Taku Iwami, Kyoto, Japan</p>

	<p>ReSS Champion Award Mary Newman, Sudden Cardiac Arrest Foundation, Pittsburgh, PA</p>
<p><i>Saturday</i> 10:00-11:00 AM</p>	<p>ReSS AOS.05B Oral Abstract Session: Post-arrest Care Beyond TTM <i>OnDemand Pre-recorded Broadcast</i></p> <p>Abstract # RO1 Changes in Cytokine Responses by Treatment with Tocilizumab After Out-of-Hospital Cardiac Arrest - A Sub Study of the IMICA Trial Martin A Meyer, Dept of Cardiology, Rigshospitalet, Copenhagen, DK-2100, Denmark; Mette Bjerre, Medical Res Lab, Dept of Clinical Med, Aarhus Univ, Aarhus, Denmark; Sebastian Wiberg, Johannes Grand, Anna Sina P Meyer, Laust E Obling, Jesper Kjaergaard, Christian Hassager, Dept of Cardiology, Rigshospitalet, Copenhagen, Denmark</p> <p>Abstract # RO2 Real-Time Nanopore Sequencing for Bacterial Pneumonia After Out-of-Hospital Cardiac Arrest, a Pilot Proof-of-Concept Study Alexandra Weissman, Univ of Pittsburgh, Pittsburgh, PA; Mariam Bramah Lawani, Rutgers Univ/Robert Wood Johnson, New Brunswick, NJ; Thomas Rohan, Univ of Pittsburgh, Pittsburgh, PA; Clifton W CALLAWAY, UNIVERSITY PITTSBURGH, Pittsburgh, PA</p> <p>Abstract # RO3 Personalizing Outcomes After Child Cardiac Arrest (POCCA): A Preliminary Biomarker Report Ericka L Fink, UPMC CHILDRENS HOSPITAL of PITTSBURGH, Pittsburgh, PA; Patrick M. Kochanek, Safar Ctr for Resus Res, Pittsburgh, PA; Ashok Panigrahy, Children's Hosp of Pittsburgh, Pittsburgh, PA; Sue R. Beers, Univ of Pittsburgh Sch of Med, Pittsburgh, PA; Rachel P. Berger, UPMC CHILDRENS HOSPITAL of PITTSBURGH, Pittsburgh, PA; HULYA BAYIR, UPMC, Pittsburgh, PA; Chunyan Wang, Univ of Pittsburgh, Pittsburgh, PA; Jose Pineda, Children's Hosp of Los Angeles, Los Angeles, CA; Alexis A Topjian, CHILDRENS HOSPITAL PHILADELPHIA, Wynnewood, PA; aline maddux, Univ of Colorado, Denver, CO; Frederick Willyerd, Phoenix Children's Hosp, Phoenix, AZ; Elizabeth A Hunt, The Johns Hopkins Univ, Baltimore, MD; Melissa G Chung, NATIONWIDE CHILDRENS HOSPITAL, Columbus, OH; Christopher Newth, Children's Hosp of Los Angeles, Los Angeles, CA; Lincoln Smith, Seattle Children's Hosp, Seattle, PA; Leslie Doughty, Cincinnati Children's Hosp Medical Ctr, Cincinnati, OH; J Wesley Diddle, Natl Children's Hosp, Washington, D.C., DC; Juan Piantino, Doernbecher Children's Hosp, Portland, OR; Karen Hallermeier Walson, Children's Healthcare of Atlanta, Atlanta, GA; Binod Balakrishnan, Medical Coll of Wisconsin, Wauwatosa, WI; Stuart Friess, Washington Univ St Louis, Saint Louis, MO; Ashley Siems, Johns Hopkins Children's Ctr, Baltimore, MD; Robert M Clark, UPMC CHILDRENS HOSPITAL of PITTSBURGH, Pittsburgh, PA; Anthony Fabio, Univ of Pittsburgh, Pittsburgh, PA; POCCA Investigators</p>

	<p>Abstract # RO4 Prevalence and Patterns of Injury Detected by Head-to-Pelvis Sudden Death Computed Tomography Following Cardiopulmonary Resuscitation</p> <p>Aris Karatasakis, Basar Sarikaya, Linda Liu, Martin Gunn, Peter J Kudenchuk, Medley Gatewood, Michael R Sayre, Catherine Counts, David Carlbom, Univ of Washington, Seattle, WA; Rachel M Edwards, Univ of Washington, SEATTLE, WA; Kelley R Branch, Univ of Washington, Seattle, WA</p> <p><i>Presenting author is noted in bold text</i></p>
<p><i>Saturday</i> 11:00 AM</p>	<p>Moderated Digital Posters and ePoster Viewing Available</p>
<p><i>Saturday</i> 12:00-1:00 PM</p>	<p>RS.LS.01 Women in Resuscitation Workshop <i>Live via Zoom</i></p> <p><i>"Academic Medicine is stressful and overwhelming and promotion to Professor is impossible. No wonder everyone is burning out."</i></p> <p>Is that true? Is any of that true? What if all those thoughts are optional? What if Academic Medicine could be AWESOME? What if Academic Medicine is the single most fulfilling job out there?! This is all available to you. Let's get started!</p> <p>Moderators Katherine Berg, Beth Israel Deaconess Medical Center, Boston, MA Anne Grossestreuer, Beth Israel Deaconess Medical Center, Boston, MA</p> <p>Featured Presentation The KEYS to Academic Promotion and a Joyful Life in Academic Medicine Elizabeth Hunt, Professor, Johns Hopkins University, Intensivist, Life and Leadership Coach, Baltimore, MD</p>
<p><i>Saturday</i> 1:00 PM</p>	<p>Moderated Digital Posters and ePoster Viewing Available</p>
<p><i>Saturday</i> 2:00-3:00 PM</p>	<p>ReSS AOS.05A Oral Abstract Session: New Insights for Intra-arrest Management <i>OnDemand Pre-recorded Broadcast</i></p> <p>Abstract #RO5 Antiarrhythmic Use and the Posterior Probability of Neurologically Intact Survival in a Reanalysis of the Amiodarone, Lidocaine or Placebo Study in Out-of-Hospital Cardiac Arrest</p> <p>Frederick J Brown, Washington Univ Sch of Med, St. Louis, MO; Steven E Rigdon, Saint Louis Univ, St. Louis, MO; David L Brown, Washington Univ, Saint Louis, MO</p>

	<p>Abstract #RO6 Association of Intra-Arrest Transport versus Continued On-scene Resuscitation with Survival to Hospital Discharge Among Pediatric Patients with Out-of-Hospital Cardiac Arrest</p> <p>Masashi Okubo, Univ of Pittsburgh, Pittsburgh, PA; Sho Komukai, Osaka Univ, Suita, Japan; Junichi Izawa, Okinawa Prefectural Yaeyama Hosp, Ishigaki, Japan; Ian Drennan, Univ of Toronto, Tronto, ON, Canada; Brian Grunau, Univ of British Columbia, Vancouver, BC, Canada; Thomas Rea, Univ of Washington, Seattle, WA; Clifton W Callaway, University of Pittsburgh, Pittsburgh, PA</p> <p>Abstract # RO7 Early Compared to Late Administration of Epinephrine in Adults With Shockable Initial Rhythm Out-of-Hospital Cardiac Arrest</p> <p>Shengyuan Luo, Rush Univ Medical Ctr, Chicago, IL; Liwen Gu, The First Affiliated Hosp of Sun Yat-sen Univ, Guangzhou; Wanwan Zhang, Sun Yat-sen Univ, Guangzhou; Yongshu Zhang, The First Affiliated Hosp of Sun Yat-sen Univ, Guangzhou; Wankun Li, Feipeng Qiu, The First Affiliated Hosp of Sun Yat-sen Univ, 5uangzhou; Guanchun Zhang, The First Affiliated Hosp of Sun Yat-sen Univ, Guangzhou, China; Jun Tao, The First Affiliated Hosp of Sun Yat-sen Univ, Guangzhou; Yan Xiong, UT Southwestern Medical Ctr, Dallas, TX; Ahamed H Idris, UT Southwestern Medical Center, Dallas, TX</p> <p>Abstract # RO8 Does Targeted Temperature Management Modify the Association Between Increasing Epinephrine Dose and Survival Outcomes Following Out-of-Hospital Cardiac Arrest?</p> <p>Betty Yang, Natalie Bulger, Univ of Washington, Seattle, WA; Richard Chocron, Descarte Paris Univ, Paris, France; Catherine Counts, Univ of Washington, Seattle, WA; Christopher Drucker, King County EMS, Seattle, WA; Nona Sootedehnia, Univ of Washington, Seattle, WA; Peter Kudenchuk, Univ of Washington; Michael R Sayre, Thomas Rea, Univ of Washington, Seattle, WA</p> <p><i>Presenting author is noted in bold text</i></p>
<p><i>Saturday</i> 3:00-4:00 PM</p>	<p>ReSS PL.02 Plenary Session 2: New Directions in Intra-arrest Management <i>Live via Virtual Platform</i></p> <p>Moderators Brian J. Oneil, Wayne State University, Clarkston, MI</p> <p>Pharmacologic Approaches to ACLS Lars Andersen, Aarhus University and Aarhus University Hospital, Aarhus, Denmark</p> <p>Defibrillation Dosing during Resuscitation Care Peter Kudenchuk, University of Washington, Seattle, WA</p>

	<p>CPR and ACLS in the COVID19 Patient Dana Edelson, University of Chicago, Chicago, IL</p> <p>Intra-arrest ECMO: Report on the NIH eCPR Consensus Meeting Tom Aufderheide, Medical College of Wisconsin, Milwaukee, WI</p>
<p><i>Saturday</i> 9:15-9:30 AM</p>	<p>Plenary Session 2 Q&A Discussion <i>Live via Zoom</i></p>
<p><i>Posted times are Eastern US Time</i></p>	<p>Sunday, November 14</p>
<p>8:00-9:00 AM</p>	<p>ReSS AOS.03 Late-Breaking Resuscitation Science Oral Abstracts <i>Live via Virtual Platform</i></p> <p>Moderators Monica Kleinman, Boston Children's Hospital, Boston, MA Robert Neumar, University of Michigan, Ann Arbor, MI</p> <p>Abstract # RO13 Emergency Versus Delayed Coronary Angiogram In Survivors Of Out-Of-Hospital Cardiac Arrest Without ST Segment Elevation: Results Of The EMERGE Trial Christian Spaulding, Caroline Hauw-Berlemont, European Hosp Georges Pompidou, Paris, France; Lionel Lamhaut, Hôpital Necker, Paris, France; Jean-Luc Diehl, European Hosp Georges Pompidou, Paris, France; Christophe Andreotti, Olivier Varenne, Hôpital Cochin, Paris, France; Pierre Leroux, Jean Baptiste Lascarrou, Patrice Guerin, CHU de Nantes, Nantes, France; Thomas Loeb, Hôpital Raymond Poincaré, Garches, France; Eric Roupie, Cedric Daubin, Farzin Beygui, CHU de Caen, Caen, France; Gilles Chatellier, Aurélie Vilfaillot, Sophie Glippa, Juliette Djadi-Prat, European Hosp Georges Pompidou, Paris, France; Alain Cariou, Hôpital Cochin, Paris, France</p> <p>Abstract # RO14 Text-message Dispatched Volunteer Rescuers Collecting An AED First Improve Survival Of Patients With Cardiac Arrest At Home With Ventricular Fibrillation Remy Stieglis, Amsterdam UMC, Academic Medical Ctr, Amsterdam, Netherlands; Jolande A. Zijlstra, Health-Holland, Den Haag, Netherlands; Aeilko H Zwinderman, Marieke T. Blom, Rudolph W Koster, Amsterdam UMC, Academic Medical Ctr, Amsterdam, Netherlands</p> <p>Abstract # RO15 A Randomized Trial Of A Physiologic-Directed Point-of-Care Training And Debriefing Intervention For Cardiac Arrest</p>
