

2020 Submission Categories

Aldosterone, Receptors and Signal Transduction
Antihypertensive Drugs and Pharmacology
Blood Pressure Monitoring, Control and Adherence to Treatment
Cardiac Hypertrophy and Dysfunction
Cerebrovascular Disease and Stroke
Chronic Kidney Disease, Nitric Oxide Endothelin and Other Endothelial Factors
Clinical Trials in Hypertension and Related Morbidities
Diabetes, Obesity, Nutrition, Insulin Resistance and Metabolic Syndrome
Epidemiology
Gender Differences and Sex Hormones
Genetics and Epigenetics
Hypertension and Aging
Inflammation Immunity and Cytokines
Lipid Metabolism
Neurogenic Mechanisms
Non-Pharmacological Therapy (Alternative Medicine; Diet; Physical Activity)
Oxidative Stress
Patient-Provider-Healthcare System Issues
Pediatric and Adolescent Hypertension
Pregnancy, Preeclampsia and Developmental Programming
Proteomics and Metabolomics
Renal Hemodynamics, Tubular Transport, Salt, Renovascular Hypertension
Renin-Angiotensin System
Resistant Hypertension
(New) SARs-CoV-2/COVID19
Vascular Biology, Remodeling, Dysfunction, Stiffness
