# International Stroke Conference 2016

**Welcome**

**PLENARY SESSION I**
- AHA’s CEO Welcome
- AHA Presidential Address

**Symposia**
- Stroke Genetics: Influence on Clinical Practice
- Towards Definitive Medical Therapies for Intracerebral Hemorrhage

**Oral Abstracts**
- Acute Neuroradiology: Oral Abstracts I
- Basic and Preclinical Neuroscience of Stroke Recovery: Oral Abstracts I
- Clinical Rehabilitation and Recovery: Oral Abstracts I
- Emergency Care: Systems Oral Abstracts I

**Lunch Break**

**PLENARY SESSION II**
- David G Sherman Lecture
- Late-Breaking Science: Oral Abstracts

**Symposia**
- Beyond Atrial Fibrillation: Atrial Cardiopathies as a Cause of Unexplained Stroke
- Issues in the Neuroradiological Care Management of Aneurysmal Subarachnoid Hemorrhage
- The Interface between Infection and Cerebrovascular Disease

**Late-Breaking Science**
- Oral Abstracts II
- Oral Abstracts II
- Oral Abstracts II

**Break**

**PLENARY SESSION III**
- The Next Big Thing in Stroke (at Lightning Speed)
- Thomas Willis Lecture
- Late-Breaking Science: Oral Abstracts

**Symposia**
- Stroke, Dementia and the Sustainable Development Goals
- Stroke Performance Measures and Addressing Disparities in Stroke Care
- Providing Very Early Rehabilitation after Acute Stroke

**Oral Abstracts**
- Acute Neuroradiology: Oral Abstracts II
- Clinical Rehabilitation and Recovery: Oral Abstracts II
- Emergency Care: Systems Oral Abstracts II

**Break**

**Adjourn**
