

American Heart Association.

Hypertension

Thursday	
7:30-8 a.m.	Session 1.1: Welcome and Opening Remarks
8-9 a.m.	Session 1.2: Recent Advances: Keynote Lectures
9-10 a.m.	Session 2: Recent Advances: Debates
10-10:30 a.m.	Refreshment Break and Exhibits
10:30-11:10 a.m.	Session 3: Recent Advances: Relationship Between Metabolism and Blood Pressure
11:10 a.m.-Noon	Session 4: Recent Advances: Arterial Stiffness- Clinical Research to Mechanisms
Noon-1:30 p.m.	Lunch on Own
1:30-3 p.m.	Session 5 Concurrent A: Epidemiology of Hypertension and Atherosclerosis
1:30-3 p.m.	Session 5 Concurrent B: Mechanisms Involving Aldosterone and Mineralocorticoid Receptors
1:30-3 p.m.	Session 5 Concurrent C: Hypertension in Pregnancy and Offspring
1:30-3 p.m.	Session 5: Concurrent D: Clinical Practice Clinical Science Track: Update on Antihypertensive Pharmacology
3-3:30 p.m.	Refreshment Break and Exhibits
3:30-5:30 p.m.	Session 6 Concurrent A: Neuroimmune Mechanisms in Hypertension
3:30-5:30 p.m.	Session 6 Concurrent B: Clinical Hypertension
3:30-5:30 p.m.	Session 6 Concurrent C: Genetics and Epigenetics in Hypertension
3:30-5:30 p.m.	Session 6: Concurrent D: Clinical Practice Clinical Science Track: Debates
5:30-7:30 p.m.	Poster Session I (for Trainees) with Reception
Friday	
8-9 a.m.	Session 7: Recent Advances: Microbiome
9-10 a.m.	Session 8: Recent Advances: Chronotherapy and Circadian Rhythms in Hypertension
10-10:30 a.m.	Refreshment Break and Exhibits
10:30 a.m.-Noon	Session 9: Recent Advances: Neurogenic Hypertension: Brain, Heart, Kidney
Noon-1:30 p.m.	Lunch on Own
1:30-3 p.m.	Poster Session II
1:30-3 p.m.	Session 10: Primary Care Track: 2019 AHA Scientific Statement: Measurement of Blood Pressure in Humans
3-3:30 p.m.	Refreshment Break & Exhibits
3:30-4 p.m.	Session 11: Arthur C. Corcoran Memorial Lecture
4-5:30 p.m.	Session 11 Concurrent A: Chemoreceptor and Autonomic Mechanisms
4-5:30 p.m.	Session 11 Concurrent B: Cerebrovascular Disease and Stroke

4-5:30 p.m.	Session 11 Concurrent C: Hypertension Early Career Oral Awards
3:30-5:30 p.m.	Session 11: Concurrent D: Primary Care Track: Blood Pressure Management in Women
5:30-6:45 p.m.	Session 12: Awards Session
7-11 p.m.	Trainee Advocacy Mixer
Saturday	
7:30-9 a.m.	Session 13 Concurrent A: Nutrition, Salt and Hypertension
7:30-9 a.m.	Session 13 Concurrent B: Vascular Biology and Function
7:30-9 a.m.	Session 13 Concurrent C: Gender Differences and Sex Hormones
9-9:30 a.m.	Session 13: Donald Seldin Award Lecture
7:30-8:30 a.m.	Session 13: Concurrent D Part 1: Primary Care Track: Atrial Fibrillation and Hypertension in Primary Care Setting
8:30-9:30 a.m.	Session 13: Concurrent D Part 2: Primary Care Track: Diabetes and Hypertension
9:30-10 a.m.	Refreshment Break and Exhibits
10-10:30 a.m.	Session 14: Harriet Dustan Award Lecture
10:30 a.m.-Noon	Session 14 Concurrent A: Renal Transport Mechanisms
10:30 a.m.-Noon	Session 14 Concurrent B: Regulation of Blood Pressure by the Central Nervous System
10:30 a.m.-Noon	Session 14 Concurrent C: Cardiac Hypertrophy and Dysfunction in Hypertension
10 a.m.-Noon	Session 14: Concurrent D: Primary Care Track: The Evolving Landscape of Blood Pressure Guidelines
Noon-1:30 p.m.	Lunch on Own
1:30-3 p.m.	Poster Session III
1:30-3 p.m.	Session 15: Concurrent D: Clinical Practice Clinical Science Track: Hypertension Control Strategies in the Populations of the Pacific Rim: A Focus on the Effective Clinical Implementation: A Joint Session of AHA and World Hypertension League
3-3:30 p.m.	Refreshment Break and Exhibits
3:30-5:30 p.m.	Session 16 Concurrent A: Renin Angiotensin System
3:30-5:30 p.m.	Session 16 Concurrent B: Clinical Hypertension and Target Organ Damage
3:30-5:30 p.m.	Session 16 Concurrent C: Mechanisms in Diabetes and Obesity
3:30-5 p.m.	Session 16: Concurrent D: Clinical Practice Clinical Science Track: <i>Hypertension Journal</i> CPC Case Study Session

5:45-6:30 p.m.	Session 17: The Excellence Award for Hypertension Research Lecture
7-7:30 p.m.	Annual Hypertension Scientific Sessions Awards Social Hour (ticketed event)
7:30-10:30 p.m.	Annual Hypertension Scientific Sessions Awards Banquet (ticketed event)
Sunday	
7:30-9 a.m.	Session 18 Concurrent A: Vascular Stiffness and Fibrosis
7:30-9 a.m.	Session 18 Concurrent B: Inflammation and Immune Mechanisms
7:30-9 a.m.	Session 18 Concurrent C: Mechanisms in Chronic Kidney Disease and Fibrosis
9-9:30 a.m.	Session 18: The Lewis K. Dahl Memorial Lecture
7:30-9:30 a.m.	Session 18: Concurrent D: Clinical Practice Clinical Science Track: Blood Pressure Controversies: The Central Nervous System and the Older Patient
9:30-10 a.m.	Refreshment Break
10-11:30 a.m.	Session 19 Concurrent A: Role of the CNS in Obesity
10-11:30 a.m.	Session 19 Concurrent B: Renal Hemodynamics Mechanisms
10-11:30 a.m.	Session 19 Concurrent C: Preeclampsia and Developmental Programming
10-11:30 a.m.	Session 19: Concurrent D: Clinical Practice Clinical Science Track: Treatment of Cardiorenal Syndrome
