The 2017 Council on Kidney in Cardiovascular Disease Award Winners
KCVD Donald Seldin Lecture

The Donald Seldin Lecture was established in 2006 to enhance the awareness of AHA conference attendees concerning the rising epidemic of cardiovascular disease and mortality in patients with chronic kidney disease and to honor Dr. Donald Seldin, a pioneer and leader in the field of cardiovascular disease as it relates to kidney failure.

Donald E. Kohan, MD, PhD, FAHA
University of Utah School of Medicine
Department of Internal Medicine, Salt Lake City UT
KCVD Distinguished Achievement Award

Distinguished Achievement Award recognizes individuals who have made major contributions to the affairs of a scientific council over a continuing period, and have made substantial professional contributions to the field represented by the council. This award was created in 1980 to recognize AHA/ASA members for significant, original and sustained scientific contributions to new knowledge, teaching and clinical care that have advanced the association’s mission “Building healthier lives, free of cardiovascular diseases and stroke.”

David H. Ellison, MD, FAHA
OREGON HEALTH & SCIENCE UNIVERSITY
